

# The Learning Disability Partnership Board in Surrey - Special Bulletin

A bulletin about the Public Value Review of Learning Disability Services in Surrey

The Public Value Review will run until December 2011

## What is the Public Value Review?

We are reviewing all our Learning Disability Services in Surrey. We need to:

- Look at what services we spend our money on.
- Look at how many people we support.
- Improve our services, and how we check quality.

## What will the review look at?

- Residential Care.
- Supported Living.
- Better planning for people with complex needs.
- Who can have services.
- Developing social enterprises for day services and short breaks.
- How we tell people about other help they can have.
- Self Directed Support.
- How health services, Surrey County Council and local councils and voluntary groups work together.
- Transition – support for people at different stages of their life.

The outcome will be a new **strategy**, saying how we help people get the support they need in the future.
