WEBINAR PRESENTATION

Care Sector VAT Group Registration... The Facts

What are the benefits and what should you consider?

Many operators have heard about the VAT opportunity which exists within the care sector to facilitate VAT reclaim on an ongoing basis, but many are unaware of the extent to which it can benefit their care provision, what is involved, and the considerations regarding local authorities/CCGs...

The **ongoing reclaim benefits** of VAT Group Registration (also known as '**Contract Restructuring**' - [click here](#)), plus the **wider business efficiencies** of adopting and implementing this model will be set out and discussed in our webinar presentation by Rob Burton, MD of **VAT Solutions**.

Rob will explain how the opportunity works in practical terms, drawing upon his years of experience in implementing the arrangement, using case studies and addressing frequently asked questions around the process.

In addition, Rob will explain the historical reasons as to why the VAT reclaim opportunity is available to the care sector (covering regulatory/funding bodies and HMRC), as well as explaining the working mechanics, what is involved operationally and how to avoid any pitfalls.

Q&A session included.
