

## Allocation table for the Infection Control Fund for adult social care

### Source data

- CQC Care Directory with Filters, May 2020<sup>1</sup>. The small number of care home beds assigned to Flintshire or Unspecified are excluded from the calculation.
- MHCLG Area Cost Adjustment<sup>2</sup>. Bournemouth, Christchurch and Poole council and Dorset council (both created in April 2019) have been assigned an ACA of 1 as their predecessor councils of Bournemouth, Poole, and Dorset County Council all had an ACA of 1.

### Method

- The allocation shares for each council are calculated as [Number of care home beds \* Area Cost Adjustment] / England sum of [Number of care home beds \* Area Cost Adjustment]. The Area Cost Adjustment reflects differences in wages and prices in different councils.

### Note

- It's expected that each care home should receive an amount per CQC registered bed, representing 75% of the funding. The remaining 25% must be used for infection control measures, however local authorities are able to allocate based on need. This may involve support for domiciliary care workforce measures.'

Local authority name	Allocation amount	Number of registered care home beds May 2020
Barking and Dagenham	£1,002,873	730
Barnet	£3,564,514	2,505
